

APRIL 2010

NEWS & EVENTS

Circles of Learning

Have we got a treat for you!

A major highlight on this month's event calendar for all members of the community we welcome Lateral Thinking expert and author of "6 Thinking Hats", Edward de Bono to our shores for an inspiring conversation on **Think Before You Speak**. Learn how thinking, communicating, whole brain learning and leadership go hand in hand with successful results. Edward de Bono together with Dr Shelley Sykes (the Happiness Guru), Rob Salisbury and myself.

If you are a teacher, a manager, in HR, Sales, PR, an Entrepreneur or you want to achieve more in life, this is your opportunity to gain that vital edge in your teaching and profession.

Seats are limited and booking is essential so make sure you join this unique opportunity to expand your thinking and empower those around you. See the April Diary, right, for booking details.

We're always on the lookout for **Articles** and free information to aid your journey with children and have added new articles to our [library](#) including a great piece by guest writer, Rebecca Jackson, on [helping children through family separation and divorce](#). To see all the latest articles go to the news section of our [home page](#) where we list all the updates.

We've recently added new **Products** to our website including the award winning and internationally acclaimed [books by Dr Shelley Sykes](#), the Happiness Guru, with a portion of sales being donated to Circles of Learning. We look forward to growing larger and stronger and your support through the purchase of products and programs means we continue to reach out to your community and beyond.

We always welcome your communication and exist to make the journey of parenting and working with children a happy and harmonious one. If we can support you better [please tell us](#), or get on your [soapbox](#) and share your thoughts with the community.

Looking forward to seeing you at Think Before You Speak on April 15th!

Best wishes, Judith

Clever Kid Health & Play Program

There are still **FREE** programs available for the [Clever Kid Health & Play Program](#) in 2010. Make sure your child's primary school, or the primary school in your community, is a recipient of this outstanding multi-sensory program assisting children to improve their academic performance.

"In all my years of teaching I have never seen such an improvement in general focus, reading ability and behaviour in one term - I attribute it to the Clever Kid Health & Play Program." *Jane Scott, Bellevue Hill School*

If you would like to nominate a primary school in the Sydney metropolitan region to receive the program FREE in 2010 please [contact us](#).

Thank you to Cross City Tunnel, UPS and the Danks Trust for making Clever Kid available to our school communities.

Discovery

Discovery is a scientifically based program to educate young people in the benefits of whole brain learning.

Traditional teaching focuses on only one of the senses - that of listening. Whole brain learning combines all of the senses with a particular emphasis on how to develop the visual component of the brain.

Following a simple and fun journey, Discovery shows how to utilise all parts of the brain for learning, optimum memory retention and directing life intentions. It is about finding personal power, and why and how the brain functions to allow visual thoughts (picture dreaming) to become reality. Children learn step by step how to believe in themselves and release negative thinking.

We are pleased to announce the first [Discovery Workshop](#) for children running next month in Sydney. Over two weekend days on April 11th & 18th, the workshop will be held at The Gunyah, 335 Old South Head Road, Watsons Bay. [Book here](#).

Circles of Learning offer exclusive Discovery Workshops for children and [Discovery Adult Training](#) for those wishing to work with children.

New

Featured partners

Some of us face the grief of dealing with separation and divorce. Helping to ease the stress and provide a smooth transition after separation is [Two Homes](#), a valuable source of information, tools and resources for parents seeking clarity and insight.

.....
Tired of conflicting parenting advice?
Not receiving the support and guidance you need?
Lacking confidence in your parenting role?

Start feeling confident with empowerment and education programs for parents of babies aged 0-15 months. Parents are sometimes overwhelmed with the rapid changes in their baby's behaviour and needs. [First Steps Parenting](#) offer you comprehensive information relevant to pre-empt each stage of your baby's development to help you cope and adapt with as little stress as possible.
