### *Worth a Moment*

### *Thank you*

We are blessed with so many people who assist us and we want to make pass on our special thanks to the wonderful Ambassadors and Champion Leaders of Circles of Learning. These are the people who volunteer their time and expertise to reach out to more parents and children to assist in their development.

We want to thank the companies who have assisted us, in particular CCT, Alkaline water and Mitsubishi, plus the many individuals within organisations who have volunteered their time.

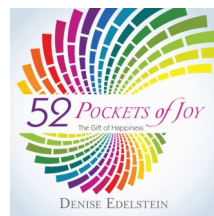

We want to thank Viva, the people who have secured our internal communications system and the companies that have chosen us to promote their products, in particular BU organics, Growing Connections, Stress Down Queen and the Bondi Road Fruitologist.

We greatly value all of you. [Click here](#) to see some happy faces..
