JULY 2018

News & Events

Crowdfunding to keep children safe

We have launched our first Crowd funding campaign and would love you to be part of it. We have the use of a beautiful acre of land for Garden Circles and more family outdoor adventures and holiday activities. This area needs to be fenced off to keep the children safe with extra plantings and a frog pond will be added.

Take a look ☺ please donate what you can - tag and share this campaign with your friends. We are getting closer to the goal and need to kick it over the line.

Your help is much appreciated [Click here](#)

Garden Circles

We are back at Freshie Community Garden on Wednesday mornings 9.30-11am.

Join in the fun at a Garden Circle... the children love it, it develops their sensory awareness, grounds their energies, creates curiosity and more. Check out the venues, addresses and days we are in the gardens. [Click here](#)

Worth a Moment - Your Karma or Mine

In one of his books, Wayne Dyer Makes reference to the following quotation...

“The way people treat you is their karma. The way you react is yours.”

This struck a chord with me, given that I had just met up with a friend...

As it's getting colder - Stay Warm

We need to be warm on the inside as well as on the outside. To keep our **organs warm and strong** it is important to wear layers of clothes.

Singlets for the little ones – and us too. Then keep adding, tights, tops, jumpers, socks, beanies, jackets... Our body's need to stay warm inside and out. You may be walking with a stroller getting warm, but remember your child is sitting in the stroller with wind blowing his/her face... so those extra clothes and a rug is needed.

When the winter sun comes out, you can always take off one layer after another.

Bee Happy, Bee Kind and have a wonder filled July,

Judith & the COL Team
